

ITB005-19: DOG PARK ENCLOSURE
ADDENDUM
SPECIFICATIONS

Project: Dog Park Fencing and Brick Entryway Installation

The City of Fort Oglethorpe seeks a qualified contractor to enclose approximately 1.5 acres of city-owned property for a dog park. The enclosure will be black, vinyl-coated, 5' tall wire fencing. The entryway will include a double gate to allow dogs to be unleashed safely before entering into the small dog section of the enclosure or the large dog section of the enclosure.

Enclosure

- 1,265 linear feet of black, vinyl-coated, 5' tall fencing for the enclosure and separator between large and small dog areas
 - Wire: #9 Cone
 - Pipe: .065 gauge
 - Corner Posts: SS40
 - Posts: .065 gauge
- Two 10' double gates

Entryway

- 8' x 8' box of black, vinyl-coated, 5'tall wire fencing
 - Wire: #9 Cone
 - Pipe: .065 gauge
 - Corner Posts: SS40
 - Posts: .065 gauge
- Three 4' single gates (black, vinyl-coated, 5' tall)
